Short presentation of your organisation (key activities, experience)	<p>Activities that promote European citizenship and directly involve citizens in local government decisions. Activities that create an opportunity to strengthen mutual trust and social engagement and volunteerism, developed by city networks. The EU and Russia are the biggest partners in the European and political sense, connecting through activities that lead to the popularization of Serbian culture in the world.</p> <p>Experience in working with marginalized groups and pointing out the problems they face.</p> <p>Mutual understanding between the EU and citizens through projects that bring our culture closer and provide an opportunity for longer-term cooperation.</p>
<b>Description of the project</b>	
Action, Measure in the framework of „Europe for Citizens” Programme	<p>Strand: Strand 2: Democratic engagement and civic participation</p> <p>Measure: Town twinning</p>

	<p>Title: "Kulturno nasleđe"</p> <p>Context:</p> <p>The project gather citizens from different backgrounds, in activities directly linked to Union policies, with a view to giving them an opportunity to concretely participate in the shaping of the Union's political agenda. To that end, those projects will invite citizens to act together or debate the multi-annual priorities themes of the programme at local and European level. Projects involve a large number of citizens, and aim at setting the basis for, or encouraging the development of, long-lasting networking between organisations active in the field.</p>
Timetable of the project	21 days per project.
Short description of the project, including its aims	Increasing citizen participation in local and European initiatives that promote social inclusion, volunteering, intercultural dialogue and cooperation at EU level. The main activity is a four-day intercultural festival (traditional handicraft workshops, exhibition, opening of events), promotion of best practice of solidarity. The main topic of the presentations and discussions will be how EU values (active citizenship, solidarity, intercultural dialogue) encourage actions that deal with local problems.
Role of the partner organisation in the project	Promoting and contributing to the realization of the project in their environments
Comments from the applicant	Serbia has a strong aspiration for EU membership. The promotion of European values plays a big role, especially in smaller communities.
